

## Features

### Detailed Product Description

This material is extruded by professional machine under high temperature and pressure based on the harmony formula. What's more, it is a kind of insect proof, green environmental responsible material. Made up of Wood fibers mixing with recycled Polymer fibers and additives added to make it a perfect product to suit best for Exteriors.

All it makes a low maintenance decking material that looks great as well for years. More than that, DeckEx decking is environmentally friendly as there is no deforestation involved. DeckEx is the creation of a living area that compliments the look and feel of any outdoor space.
